Love is but a song we sing Fear's the way we

die You can make the mountains ring

is on the wing you may not know why

Come on people now smile on your brother everybody get together try to love one another right

now Some may come and some may go

Ab Gb Gb Ab

We will surely pass When the one that

left us here comes for us at last

We are but a moments sunlight fading into grass

Come on people now smile on your brother everybody get together try to

love one another right now If you hear the

song I sing you will understand

You hold the key to love and fear in your trembling hand

Just on key unlocks them both It's here at your
