I see a woman in the street with an angel by her side
 under an old street light near a garbage can
 there's a force in here life and it keep her mind clear
 there's a source she relies on one power one God
 and she does her meditation every day, every night
 there's a lot of people sayin' heaven is at hand

Verse 3

We've got 1000 points for the homeless man
 We've got a kinder gentler community
 We've got green gas electric cars organic food
 We've got a five step prayer and intention too
 We've got a man of the people says 'yes we can'
 Yes we can, yes we can
